PROFILE

Dynamic Data Analyst with robust academic and professional achievements in computer science and data management. Boasts a formidable foundation in data analysis, visualization, and programming. Eager to apply these skills in a forward-thinking company, propelling both personal and organizational success.

EDUCATION

- **B. Tech Computer Science and Engineering**
Integral University, Lucknow, Uttar Pradesh, India | Dec 2022 - Present
- **B. Tech Computer Science and Engineering**
Glocal University, Saharanpur, India | Feb 2020 - Dec 2022 (**Transferred**)

EXPERIENCE

Data Analyst Intern

MeriSKILL | Oct 2023

- Assisted in data collection, cleaning, and organization.
- Developed interactive dashboards in Tableau.
- Utilized SQL for data extraction from relational databases.
- Conducted comprehensive data analysis to identify patterns and trends.
- Collaborated with teams to drive data-driven decision making.
- Presented findings and insights to key stakeholders.

Data Analysis and Visualization Simulation

Accenture, Forage | Sep 2023

- Engaged in a practical job simulation emphasizing data visualization.
- Used a variety of tools to interpret and visualize data sets.
- Collaborated with peers to solve complex data scenarios.
- Received feedback from industry professionals at Accenture.
- Applied best practices in data analysis throughout the simulation.
- Explored new methodologies in presenting data insights.

PROFESSIONAL DEVELOPMENT AND TRAINING

- IBM Data Science | Coursera | Oct 2023
- Data Analyst | MeriSKILL | Aug 2023
- AI for Everyone | Coursera | Jul 2023

- Internet Of Things | Integral University | Jul 2023
- Python Programming | GUVI | Jan 2023
- Data Analytics And Visualization | Forage | Sep 2023
- Script Introduction | LearnTube | Oct 2022
- Power BI | LUDIFU | Aug 2022
- Microsoft Excel | LUDIFU | Aug 2022
- Full Stack Web Development | Edureka | Sep 2022
- Introduction To Cyber Security | Sep 2022
- Digital Marketing Fundamentals | IIDE India | Apr 2022

WORKSHOPS & CONFERENCES

- Vienna Migration Conference | Oct 2023
- Data Science: How To Get Started | Integral University | Jun 2023
- Workshop on Web Technologies | Softpro India | Feb 2023
- Free Human Resources Skills Workshop | TAREEQA RE-FRAME YOURSELF | Sep 2022
- Applications of Data Science & IOT in Healthcare, Social Care, and Business | Glocal University | Sep 2022
- Python Programming Workshop | Glocal University | Aug 2022
- Data Analysis Workshop | Jobaaj learning | Aug 2022

SCHOLARSHIPS & AWARDS

- Yobe State Government Scholarship Award | Jan 2020

CLUBS & MEMBERSHIPS

- Arewa Students Association in India (ASA) Membership | Jul 2023
- IEEE Membership | Dec 2022
- Young African Leaders Initiative Network (YALI) | Jul 2020

SKILLS & COMPETENCIES

- | | |
|----------------------|----------------------------------|
| • Data Science | • Excellent communication skills |
| • Data Analysis | • Generic Statistic |
| • Data Visualization | • Microsoft Excel |
| • Jupiter Notebook | • Matplotlib |
| • Machine Learning | • SQL |
| • Data Management | • Python Programming |
| • Data Structure | • Pandas |
| | • Power BI |
